Hi Parm-

We have reserved a meeting room here at our office from 1pm to 3pm on Tuesday March 3rd. We will expect you, your (b) (6) (if she is also available then) and your attorney, if you're able to get them on board in time.

Our address is:

1200 Sixth Ave.
Seattle WA 98101-3140

Our office entrance is on the southeast corner of 6th Ave and University Street in downtown Seattle. As you walk in, you will walk toward the security desk and through a security check (metal detector, etc.). There is a reception area and a person at a reception desk on the other side of the security check. If I am not in the reception area waiting for you once you pass through security, you can tell the receptionist that you're there to see me and they will call me. Once you're signed in, we will go upstairs to our meeting room.

Let me know if we can expect your attorney. Thanks for working with us.

Hi Brooks, we are open to your proposal and want to help in any way we can. March 3 sounds best option for me.

Thanks for your quick response.

We are aware of the setback you've had securing legal counsel. I just spoke with Kris about your offer. She and I have a new proposal that we look to the week of March 2nd. We've identified two options that would work that week: Tuesday 3/3 or Thursday 3/5. Both days we can be available between 12pm and 3pm. If you don't have an attorney secured by then, Kris says she can provide you information about our legal process just to get the ball rolling.

Once we firm this up, I'll provide some instructions for entering our building and getting through security and those kind of details.

Let me know if our new proposal would work for you and you have preference of date.

Hi Brooks,

I was thinking we could meet in person at your offices and it would be myself and my wife who would attend , so we would not have any lawyer with us and this would therefore be a conversation to get some general questions answered so that we would be more prepared to get the right lawyer. I am thinking it will take me about 1.5-2 weeks to get another lawyer secured for this issue.

I could attend at your offices for 11am on February 20, but if this is not suitable, please let me know which day is.

My apologies for the delay in getting back to you.

parm

Parm-

We've discovered that the tax return provided for 2018 is your personal tax return and not that of Spokane Recycling LLC. We were wondering if there was a mix up. If you could check and see if the return for the LLC is available, we'd appreciate it.

Hi Parm-

Yes. What you can tell your account we're looking for is highlighted under number 4 of the information request letter we sent on October 1. I've reattached that letter and copied in the verbiage from that section below my signature for your convenience. I believe that getting the federal tax returns (as the first item requested in 4.a.) is simple and covers a lot of the information needed, but the more information you can provide here, the better it is for your company.

Let me know if your accountant has any questions.

Yes a phone call would work for us and yes we would definitely like to include Tom in that call.

Mr. Hothi-
I apologize that I haven't been more communicative. The last month or so I have been working pretty steadily on reviewing responses to our 104(e) information request. I met with my attorney today and I have several meetings scheduled in the next week.

We have reviewed your response to our information request and I wanted to thank you for taking the time to put all that together. I did want to circle back and make sure we receive all the information from section 4 (Financial Information). We did get the bank statements you provided but there is still critical information that we still need from that section starting with tax returns from 2014-2018, as outlined in section 4.a. If we can confirm the timeframe that you can provide that information, we would greatly appreciate it.

I think after the meetings I have set up next week, it would be a good point to touch base by phone or in person to go over where EPA is at and where we see things heading at the Spokane Recycling property and the property to the north where the sediment ponds reside. I think we can cover environmental/technical topics as well as legal questions. So that might be a good opportunity for Mr. McDonald to join us. If you'd like to do that, I will start to work with you on finding a day and time that everyone is available.

Thanks again for your communication.
